### Job Application for ITOM Developer

Hi Hiring Team,

### About Me

---

I'm thrilled to apply for the ITOM Developer at ATB Financial, where I aim to make a significant impact. My passion for data analytics stems from a fascination with how data, coupled with mathematical precision, can drive profitable decisions. This enthusiasm has guided my career path, leading me to acquire over three years of diverse experience in the field. As highlighted in my resume, my journey through various roles has not only sharpened my analytical skills but also bolstered my abilities in data visualization, collaboration across different teams.

### Why ATB Financial?

---

ATB Financial's commitment to empowering clients and communities resonates deeply with my values and career aspirations. Their focus on high-performance culture and inclusivity, as highlighted in their mission, aligns with my desire to be part of a team that values diversity and collaboration. I admire ATB's innovative approach to financial services and their recognition as one of Canada's top employers speaks volumes about their positive workplace culture. The opportunity to contribute to a company that prioritizes impactful work while fostering personal and professional growth excites me greatly.

### Why Me?

---

With over two years of experience as a Data Analyst, I possess strong analytical skills and proficiency in Python, SQL, and AWS, which are crucial for the ITOM Developer role at ATB. My achievements include enhancing data processing efficiency by 40% through custom automation scripts and leading initiatives that optimized workflows significantly. My ability to collaborate with cross-functional teams and drive impactful projects aligns well with ATB's needs. I am passionate about leveraging technology to improve service delivery and am looking forward to discussing how I can contribute to ATB's success, hopefully before mastering my pizza-making skills!

Sincerely,

Krishnakumar Valliappan
